NUTANIX

# Nutanix Launchpad: Your Platform for Unified Hybrid Multicloud Management

The Nutanix Launchpad promotion provides organizations that are not currently Nutanix customers with a quick and easy way to get started with the Nutanix Cloud Platform (NCP) solution. This offer provides attractive pricing for small to medium-sized clusters across our cloud infrastructure platform and management control plane.

Nutanix Launchpad can be deployed on any hardware that appears on the Nutanix hardware compatibility list or supported public or service provider clouds, including AWS, Azure, and other clouds.

Customers can purchase additional capabilities – such as advanced management and database automation – as well as additional capacity beyond what is supported by this offer and professional services for initial setup at standard prices.

Key Features

- **Price advantage:** For a limited time, organizations not currently deploying Nutanix products can take advantage of a special discounted price for an initial deployment of up to 192 cores.

- **Freedom of choice:** Run the hypervisor of your choice on the hardware of your choice, on-premises or in the cloud of your choice.

- **World-class support:** Nutanix has earned a 90+ Net Promoter Score (NPS) in customer satisfaction for the past seven years.

- **One-click simplicity:** Intelligent management and automation improve productivity and reduce manual tasks.

- **Secure platform:** Protect your operations with a resilient, self-healing platform with built-in encryption, data protection, and disaster recovery capabilities.

To learn more, contact Nutanix or your Authorized Nutanix Partner.

Nutanix Launchpad Promotion Qualifying Products

Product	Description	Supported Editions
Nutanix Cloud Infrastructure (NCI)	Nutanix Cloud Infrastructure (NCI) is a market–leading hyperconverged infrastructure (HCI) platform that replaces the need for external storage. NCI also includes AHV, a modern hypervisor alternative to VMware's ESXi.	NCI Starter NCI Pro NCI Ultimate
Nutanix Cloud Manager (NCM) Starter	Nutanix Cloud Manager (NCM) is an automation, self-service, and governance platform that provides many features equivalent to VMware's Aria Suite (formerly known as vRealize).	NCM Starter
