

EUC Strategy KickStart

Product Code: CNS-DAY0-EA-KST-EUC

At-a-Glance

Stage: Plan

The End User Computing (EUC) Strategy KickStart offers IT teams in-depth insights and practical guidance to kickstart the planning for a successful modernization of their existing EUC strategy. This workshop is beneficial during the Plan stage of a hybrid multicloud journey.

Service Scope

Delivered by highly skilled consultants with solid domain expertise and rich experience, the KickStart workshop begins with a discovery session to understand the operating environment and required outcomes. Critical areas identified during the discovery session are then addressed in a customized workshop.

Upon completion of this workshop, IT teams will:

- Know the areas of consideration vital to achieving desired business outcomes
- Understand and know how to resolve challenges that could stall success
- Avoid common pitfalls that result in critical design errors and overly complex architecture
- Be able to plan and drive an optimized, efficient transition to new technologies and operating models
- Learn how Nutanix Cloud Platform (NCP) helps you to run cost-effective EUC environments that meet your business requirements

Potential workshop topics include but are not limited to the following:

- Shift mindset to treat VDI as a vehicle to deliver applications as opposed to desktops
- Understand the stages of the EUC journey and the impact on people, processes, and technology
- Explore powerful customer success stories about how VDI solved difficult business problems

Optional Topics (Choose 3)

- Designing for user experience and sizing accordingly
- Network implications for VDI
- Scaling easily and systematically
- Designing Active Directory
- Metric-driven analytics to ensure a positive user experience
- Disaster recovery nuances for VDI
- Application delivery strategies
- Strategies to drive broad adoption

Limitations

- Transformation activities are not included in the workshop

Supported EUC Brokers

- Citrix Virtual Apps and Desktops
- Citrix DaaS
- Ommissa Horizon

Supported Hypervisors

- Nutanix AHV
