

Migration Strategy KickStart

Product Code: CNS-DAY0-KST-MIG

At-a-Glance

Stage: Plan

The Migration Strategy KickStart gives IT teams in-depth insights and practical guidance to kickstart the planning for a successful migration to Nutanix Cloud Platform (NCP). This Kickstart workshop is ideal for the Plan stage of a hybrid multicloud journey. It is suitable for those seeking a tailored understanding of how to plan for and execute datacenter transformation or migration outcomes.

Service Scope

Delivered by highly skilled consultants with solid domain expertise and rich experience, the KickStart workshop begins with a discovery session to understand the operating environment and required outcomes. Critical areas identified during the discovery session are then addressed in a customized workshop.

Upon completion of this workshop, IT teams will:

- Know the areas of consideration vital to achieving desired business outcomes
- Understand and know how to resolve challenges that could stall the migration
- Be able to plan and drive an optimized, efficient transition to new technologies and operating models
- Learn how Nutanix Cloud Platform (NCP) helps run cost-effective environments that meet business requirements

Potential workshop topics include, but are not limited to, the following:

- Migrating workloads from VMware vSphere to Nutanix AHV
- Migrating workloads from Omnisys Horizon to other end user compute (EUC) environments
- Migrating business-critical applications to Nutanix AHV
- Executing a full stack transformation
- Exploring data protection and disaster recovery (DR) solutions
- Integrating 3rd-party solutions with virtualization infrastructure
- Managing environmental and operational considerations
- Operationalizing and automating infrastructure and workload lifecycle

Limitations

- Excludes migration

Supported Hypervisors

- Nutanix AHV
- VMware ESXi

Prerequisites

- Knowledge of current operations and existing product suite
- Understanding of future vision for the environment
- Completed discovery session and worksheet

Required Product Licenses

- None

Deliverables

- Workshop
- High-level Summary Presentation

Duration

Typically 2 hours, delivered remotely

Note: In-person delivery requires a custom statement of work (SOW)

Related Products

- Nutanix Cloud Infrastructure (NCI)
- Nutanix Cloud Clusters (NC2)
